CUSTOMER SERVICE EXECUTIVE

The ideal candidate should have proven customer service experience in logistics or a related industry, coupled with excellent communication and interpersonal skills. Strong problem-solving abilities and attention to detail are essential, as well as the capacity to multitask, prioritize, and manage time effectively. Proficiency in MS Office and CRM software is required, while a Bachelor's degree in Business Administration, Commerce, or a related field is considered a plus. Chinese nationals proficient in English speaking skills are preferred.
